

Jean Luc-CCIP-Final Report

PART ONE

Reflecting on Your Work...

1. TASKS COMPLETION

Sincerely speaking I have not finished all my tasks as described on the chart of tasks. But I completed majority of them hence I can say that I completed my tasks at a medium level which could be valued between 55-75%.

Tasks which I did not completed are the internal research, Newsletter and some submissions.

2. MONTHLY REPORTS

Except the report of the month of December, others had been submitted correctly. I did not submit the December report because I was in holidays and did not run any activity.

3. ONLINE PROFILE

It is almost completed.80% completed. Some little information still missing. And I am doing my best to keep it complete as required.

PART TWO

Feedback and Evaluation

1. On a scale from 1 to 10 (one being the lowest, 10 being the highest) how would you rate:

a) Your satisfaction with the Internship Program:6

- b) The quality of the overall Program:5
- c) The usefulness of your training materials:9
- d) The feedback and assistance you have received from the staff at TIG:8
- e) The usefulness of your overall tasks:6

2. What is the aspect you enjoyed the most of your internship?

-Creation of a project page for VCT Campaign Project

3. What else did you like about the internship?

-Creation of email groups

4. What is the aspect you enjoyed the least of your internship?

-Panorama submissions

5. Is there anything else you didn't like?

No

6.If you could delete one task from your job description, which one would it be?

Panorama submission

7.What is the task that should absolutely stay in the job description?

-Workshop

8.What do you think could be done to improve this program?

-Connectors need to be facilitated to be enabled to fulfill their works

-Connectors need trainings

9.Did you receive enough support, guidance and feedback from the TIG staff?

Somehow

10.Did the internship provide you with a meaningful personal and/or professional experience?

-Yes, of course

11.What are some of the lessons you learned?

-I do not understand well this question

12.Would you recommend this internship to your friends?

-Yes.

13.Did you feel more connected to TIG and its members? (Particularly the ones in your country.)

-Yes

14.What was your initial active member rank, and what is it now?

-Before I did not know enough tools available on the TIG website, but now I am know everything, all useful tools available on the TIG website. I know also to benefit from them.

15.What were some of the most common difficulties you faced?

-Lack of facilitation

16.Do you feel more confident in the use you can make of ICTs for “social change”?

-Yes

17.Do you feel you were able to make a difference in your community? If so, how?

-Not at all, this internship were a worthy opportunity to make a difference however I had not been able to make a considerable difference due to many factors including the lack of facilitation.

18.Did TIG help you feel more connected to your local community, and to other active young leaders?

-Somehow.

19.Was 6 months an adequate amount of time for the purpose of this internship? How easy was it to adhere to the task schedule during the course of the internship? (ie. Were there too many tasks in proportion to the amount of time you were given, just enough, or not enough tasks?)

-At the beginning It seemed confusing, I could not see what were specific tasks to complete. Little by little, I came to realise what tasks and how to do them. The time seems now to be enough but a new connector need to be familiarized to his/her at least one month before the actual start of the internship.

20.Did this internship help you learn new skills? If not, what do you think could be done to make the internship more successful?

-Yes.

21.Do you have any other comments or suggestions?

No, thank you.
