What, if we could begin again on a blank new world ?

*How would we build a peaceful, planetary culture of all life this time -
with all awareness, knowledge and wisdom we've been gathering so far
in our Evolution ?*

2007 People all over the world suddenly discover in their web communications and communities that they have a shared dream experience almost every night.

In this dream they dissolve into light particles, travel a rainbow bridge tunnel and exit through a portal into the beauty of an island in some ocean, some Otherworld.

Three huge and magical Pyraspheres, Pyramids with spheres on top instead of a single tip reach out for the blue sky in which our Earth and the moon are visible.

First time dreamer look around, astonished, shocked by the otherworldly beauty and yet filled with an unknown feeling of peace and quietness - something that seems to be missing a lot on our Homeworld Mother Earth.

On the backside of the island is a sacred grove and garden with a giant world tree...intelligent and wise whose name is Gopher.

Gopher has a message to all dreamer.....a message from this living planet, the blank new world Mothership Gaia.

Mothership Gaia invites the fellowship of Dreamer to settle on her three continents: Forest & Ice, Tropics & Rainforest, Desert & Savanna.

But before the Fellowship Gaia is allowed to settle, Mothership Gaia asks them to be aware of how they want to settle this time....

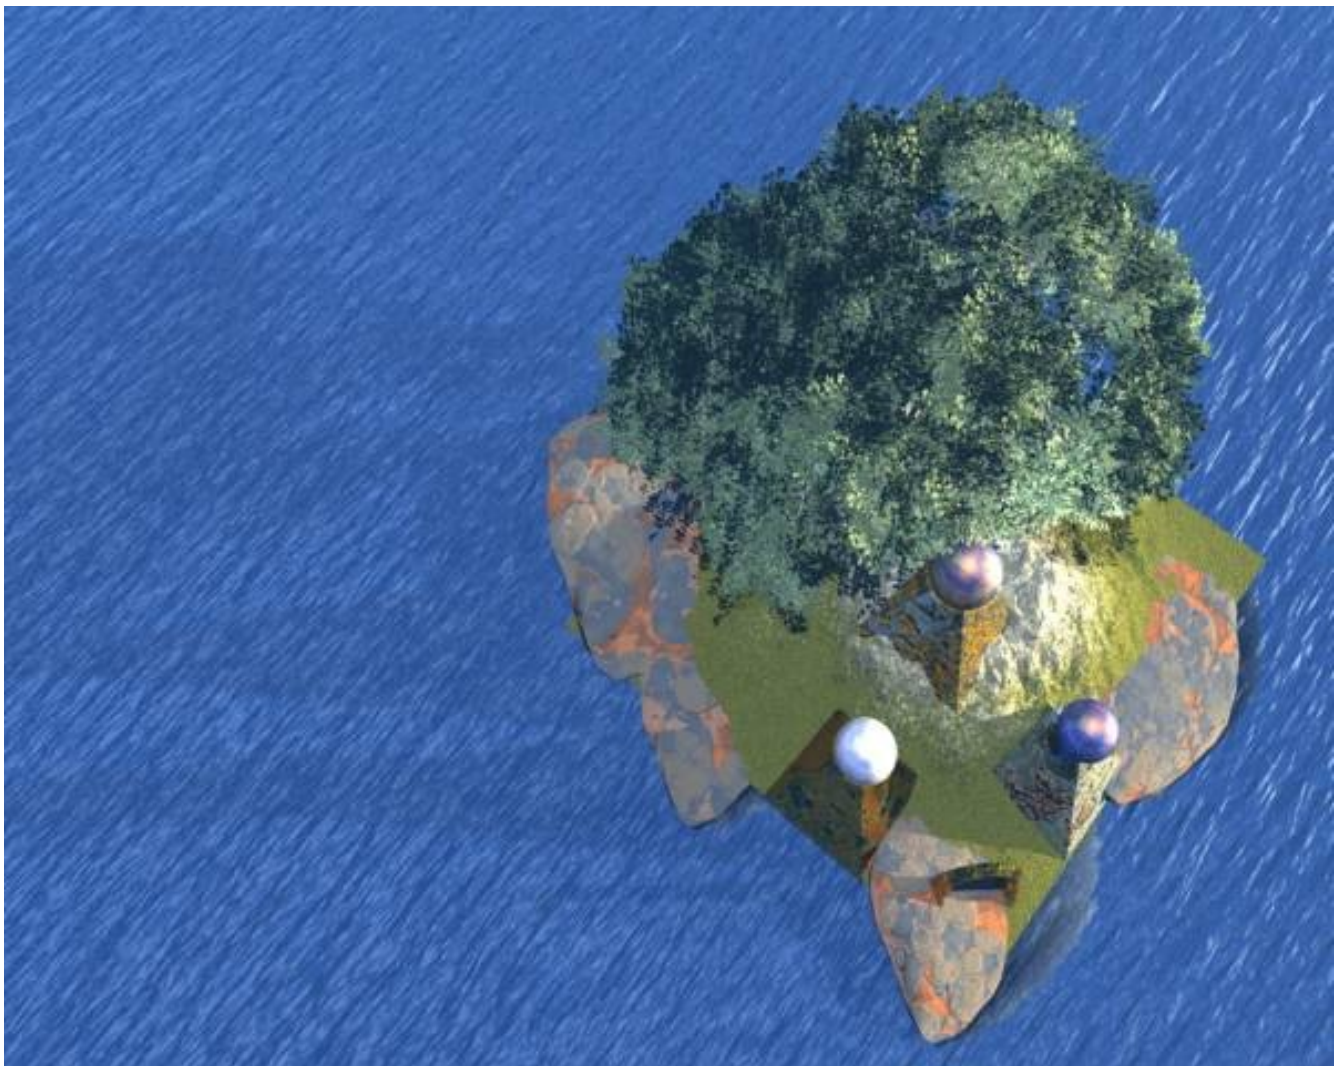

She gives three missions to the fellows who want to participate in ISHS, the Integral Sustainable Human Settlement:

1. **Crafting of the Agenda 0** a program that covers everything from
 - How do we want to settle and how would we relate to the members of the various Ecosystems this time ?
 - How would we gather and grow food and share it among the settlers this time ?
 - Which political system and reference for justice would we design this time ?
 - How would we create, produce, release our Creativity this time and how would we share the fruits of our Creations, our products this time ?
 - What system of exchange or currency would we use this time ?
 - How would we transport humans and goods this time ?
 - How would we use energy this time ?
 - How would we approach natives if they exist, this time ?
 -

Mothership Gaia asks the settlers to be very clear, very aware and to write it all down into the Agenda 0

2. Crafting of the Mogaian Charter

1. The document which defines the values and ethics for the settlement regarding Relationships among humans and non-humans :: living beings within the realm of plants, animals, minerals, atmospheres, etc.
3. **Building the altruistic, not for profit, organic .Organisation on Earth which facilitates the crafting of the Agenda 0 and Mogaian Charter when the Dreamer wake up and meet in the Web and their local communities to learn together.**

The Dreamer meet in the three Pyraspheres to craft the documents and gain awareness in a communal approach.

The three Pyraspheres are dedicated to three cross cultural systems:

- The middle Pyrasphere dedicated to Religion/Spirituality and crowned with the sphere of Sun
- The left Pyrasphere dedicated to wholistic Science, freed from Earth-like academical standards and crowned with the sphere of Moon
- The right Pyrasphere dedicated to Art, crowned with the sphere of Earth

Spirit/Religio, Science and Art :: the three metamodels to craft the Agenda 0 and Mogaian charter :: the tools to raise awareness, gather knowledge and transform it into wisdom for compassionate action.

The Pyraspheres are huge and facilitate laboratories, meeting and meditation rooms, sanctuaries and much more. The spheres on top are surrounded with seats around the spheric wall. The focalizer who focus on certain topics and inform, lecture and perform are in the center of the sphere and can be seen from any seed right in front of the observer.

The nature and gardens of the island unleash the culture creative in each of the Dreamer and together they grow.....

The Dreamer discover that this Blank New World invites a Blank new Us.....

Not only they paint the blank new world with visions to live different with the sacredness of Creation this time....they also paint anew who they are and what they can Be.....

This is the beginning of the Culture Myth "Mothership Gaia"

If you feel the call, follow your bliss and tell your own story of how you arrived on Mothership Gaia through the Rainbowportal first time and everything that

happens and happened from that moment on.....

Welcome again on board of the Mothership, fellow human of this special time on Earth dedicated to the Great Quest. A Quest for creating another World which is more peaceful and in harmony with all of Creation.....
