[FOR INTERNATIONAL DELEGATES / FOREIGN OBSERVERS]

Dear UN Advocate:

Peace in Christ!

The United Nations Youth Association of the Philippines (UNYAP), the youth arm of UNAP will be hosting the First National Millennium Development Goals (MDG) Summit for Young Filipino Leaders on January 10-13, 2008 in Silliman University, Dumaguete City, Negros Oriental with the theme "B.I.L.I.B. Young Leaders: Stand Up, Move, Lead!" B.I.L.I.B is an UNYAP principle which refers to Believe, Innovate, Lead, Inspire and Build.

We are confirming your organization/school's invitation to join the Summit. The activity calls for any high school and college student representatives that are members of your student council and/or potential leaders of service organizations, who may be interested to join the gathering of the selected few. The said activity aims to enrich and hone the skills of leaders to become better models of the youth and transformed servant-leaders of the country; also, foster youth empowerment towards advocating the United Nation's Millennium Development Goals (M.D.G.'s) in their respective institutions as well as in their local city through manifestation of effective leadership skills and principles gained from the conference.

Given this timely challenge and with the noble intention of sincerely unifying the efforts and the strength of youth for peace and sustainable development, we cordially invite a maximum of FIVE "Active" student leaders from your institution to join us in this significant activity. The four-day Summit will include leadership workshop, lecture plenary sessions, youth-project immersions, youth action planning, and fun-filled social activities. It is preferable that they are accompanied by an adviser or a coach who can later on assist them in implementing the United Nations Millennium Development Goal's (MDG's) action plans.

The conference is an official event of the (1) United Nations Resident Coordinator of the Philippines, (2) International STAND UP Campaign against Global Poverty, and (3) Taking It Global International. The "Summit for Young Filipino Leaders" or SYFL celebration will be appropriately endorsed by the Department of Education, the Commission on Higher Education and the National Youth Commission.

For the four-day summit, a registration fee of P2,500 (Filipino delegates) or \$200 US (Foreign Observers) will be charged for each student representative to defray the cost of conference kit, supplies, snacks, meals, hotel accommodation (\*three nights at Plaza Maria Luisa Suites Inn or Harold's Mansion), and venue. We request the head of the school/organization/council to accomplish the attached confirmation sheets and send to **Ms. Lycar Flores**, President of the Silliman University Student Government (SUSG), Dumaguete City 6200 or via electronic mail: [unyouthphilippines@yahoo.com](mailto:unyouthphilippines@yahoo.com). Visit also the National MDG Summit for Young Filipino Leader's Online Network site: [www.unyouthvisayas.ning.com](http://www.unyouthvisayas.ning.com).

**BACKGROUND/RATIONALE**

The National MDG Summit for Young Filipino Leaders (SYFL) came to rise after the celebration of International Youth Day which commenced after the United Nations General Assembly. This summit serves to promote youth participation and address issues concerning them, and encourage their involvement in the achievement of programs for sustainable development and technological innovations. Hence, an international strategy was adopted –the World Program of Action for Youth (WPAY) to the Year 2000 and Beyond – to address more effectively the problems of young men and women and to increase opportunities for their participation in the society.

The summit covers various issues concerning the youth and the Millennium Development Goals. The community immersion activities would bring delegates in touch with the reality of poverty and other deprivations. This experience would bring in inspiration and challenges, and effectively would open one’s mind to the possibility of serving God’s people and country. Meanwhile, fellowships and cultural nights are usually held before the conclusion of the celebration. Overall, the SYFL events bring to fore the lively element of youth, a common spirit of concern for others and a desire to participate in addressing the problems confronting society.

The concept and design of the SYFL celebration are substantive consequences of the different MDG initiatives from various sectors, and the SYFL theme “B.I.L.I.B. YOUNG leaders: STAND UP, MOVE, LEAD!” Aside from generating greater and continuing youth participation in the achievement of the MDG’s by 2015 this year’s SYFL will once again highlight the need for productive partnerships as a way of effectively tackling the concerns presented in the Millennium Summit of 2000.

## XI. F.A.Q. (FREQUENTLY ASKED QUESTIONS)

- 1.) What do I get from joining this Summit?
  - ➔ Make a difference in the community with all the leadership skills and techniques acquired from the experience and the potential of becoming a strong and effective leader in the future.
  - ➔ Meet new friends and acquaintances from all over the secondary and tertiary schools in the Visayas.
  - ➔ Get to know and hear leadership insights from the prominent people of our country.
  - ➔ Enjoy the facilitators and fellow participant's company
  - ➔ Acquire the important knowledge about the Millennium Development Goal (MDG).
  - ➔ Obtain with you a seminar kit containing necessary things needed for the summit (I.D., notes and Speech Reference, SYFL manual, readings, etc.)
  
- 2.) How much will I be paying and is it worth it?
  - ➔ The amount to be paid for the summit is reasonably affordable. One needs to pay only P 2,500.00 for non Dumaguete delegates and P 1,000.00 for Dumaguete delegates. To help the organizers with the cost during the summit, the registration fee will be used to pay for the accommodation (non Dumaguete delegates), purchased materials for the conference kits, the certificates, and some supplies and as funds for contingency.

## **National MDG Summit for Young Filipino Leaders**

*On January 10-13, 2008*

- Meals including the breakfast, lunch, dinner and snacks are free, with great thanks to our sponsors.
- Bringing nothing and taking something home with all the good experiences and newly acquired leadership skills, isn't that more than enough?
- 3.) What is so important about it?
  - We have realized that the activities being organized for advocacy, wellness, and information dissemination, has been well done and yet such have only been exposing less than 5% of the target population, who are the students. The organization then concluded that in order to reach as many students as possible, it would be helpful to train potential student leaders of the respective schools who will then organize separate activities with the same mission and goal as ours. After all, according to Dr. Francis Kong, Fun Works Incorporated President, during the International Youth Day Conference *"Leaders are not suppose to produce more followers and members, instead they are to produce more good leaders"*
  - With the statement therefore we come to share leadership in the name of excellence!
  - This summit would also help the United Nation spread the importance of MDG and the role of the youth in achieving this goal.
- 4.) I am not a leader, can I join?
  - Of course, anyone can! Leaders are not born rather they are made and molded to become one.
  - Any student who is not a graduating senior can still join. This is necessary so that the delegates can still have time to come up with activities in their respective schools after the summit.
- 5.) Will I be a leader after?
  - Every delegate who participated well in lectures, workshop, and other SYFL activities would acquire new skills and techniques that may possibly mold him/her to become a better person and a promising leader
- 6.) What do I need to bring?
  - Each delegate should bring formal, semi-formal attire for our conferences. Each delegate should bring one filipiniana or barong for our cultural night. Also the delegates should also bring casual attire for the immersion.
  - One might want to bring gadgets such as a camera so that you will have some caught memories after the event. A good tape recorder and a portable flash dish, is advisable if you're into documenting every speech.
  - SYFL ID's pencils/pens. Papers, worksheets, and things needed for the summit will be provided in the conference as part of the workshop kits.
- 7.) What do I need to know before joining?
  - One must have the interest and purpose to join. Basic knowledge on Millennium Development Goal (MDG), leadership and advocacy is necessary for one to relate more to the discussions and workshop to be attended during the summit.
