Youth Grants

To encourage youth to be change-makers, this initiative has created its first youth grants program for HRM!

Being able to access funds and community support for youth-led, community-based programming means that youth will have the opportunity to contribute to their own communities, schools and neighborhoods in ways they feel are important.

This opportunity has been made possible by the generous support of the J.W. McConnell Family Foundation, Halifax Regional Municipality, and other community partners. Thank you!
