

DO YOU HAVE AN IDEA?

What is YouthScape?

YouthScape is an exciting Canada-wide initiative to engage all young people in creating change.

YouthScape believes that young people can make important contributions to building resilient, strong and healthy communities that are inclusive to all young people.

Community Grants

To support youth to be change-makers in HRM, we are encouraging young people to partner with youth-serving organizations to create change in their communities!

Being able to access community funds and support for community-based projects means that youth have the opportunity to contribute to their own communities, schools and neighborhoods in ways they feel are important.

This opportunity has been made possible by the generous support of the J. W. McConnell Family Foundation, Halifax Regional Municipality, and other community partners. Thank you!
