*[Kimbugwe lane Lutunda Zone Kanyanya Parish Kawempe Division Kampala District](#)*

KPHAPC was started up in December 2002 with an overall goal of fully participating in the prevention of HIV/AIDS and uplifting the living standards of both infected and affected persons through knowledge availance and substantial assistance.

Kanyanya Pioneer operates in 12 throughout the 22 parishes of Kawempe division in Kampala district.

### **SPECIFIC OBJECTIVES.**

To foster and promote HIV/AIDS prevention awareness campaign strategies

To educate the masses on how to care and treat the affected and infected children, youth, elderly and people with disabilities.

To educate the masses about their rights and responsibilities as children, youth, elderly and people living with HIV/AIDS

To actively involve persons living with PHAs to participate in IGA's

To secure and encourage the masses to freely interact, share and love PHA's ie prevent stigma and discrimination

To encourage PHA's as youth, women and elderly to open about their status in order to seek necessary assistance.

To secure and provide basic necessities o the children, youth, women and people with disabilities from willing and able organizations.

To provide education opportunities to orphans and vulnerable children and availing them with life basic needs from willing and concerned organizations or personalities

### **MAJOR ACHIEVEMENTS**
