5th July,

The Project Manager,
Taking IT Global Organization-U.S.A

Dear Sir,

**REQUEST FOR THE ESTABLISHMENT OF INFORMATION COMMUNICATION
TECHNOLOGY (ICT) CENTRE IN THE BOMBALI DISTRICT**

I write with reference to the above and to request that an ICT Centre be established in the Bombali District.

The Bombali District has a high and alarming degree of children and youths ignorant of ICT. There are about 400 (four hundred) primary schools and twenty five secondary schools in the district. More than 95 % of our school-going children are illiterate in the use of even elementary computer applications.

Recognizing the importance of ICT in our modern 'global village' and to poverty eradication, I request that the Centre be established in our locality.

I count on your cooperation, please.

Yours faithfully

Mohamed Osman Marrah
Chief Administrator
