

Introducing... a FREE event for 15 - 25 yr olds...

AOTEAROA FUSION

Run by Rangitahi Impact, a Future Leaders collaboration

Aotearoa Fusion is an event created and run by youth for youth. It is designed to bring young people together and find out what they want from this country and it's youth culture. The event will focus on personal, community and national identity.

Aotearoa Fusion is about working with youth to find out what they want from a national youth network and how youth expo's could achieve this. Rangitahi Impact will gather all the valuable information that comes out of the event and use it for future activities.
