**on a journey to find out
who does, and who
does not ...**

What is the 'Faith in Europe' Project?

- To promote inter-generational, inter-ethnic, inter-religious dialogue amongst Europeans
- To create a book to capture and analyse the different opinions across Europe
- To create a 'Faith in Europe' day that will aid in continued exploration of the idea of an inter-faith, inter-ethnic, inter-generational Europe.
- To draft a constitution of the needs and desires of the youth of Europe

How we will achieve this?

- Through the use of a 12-point questionnaire both online and in the street
- Complimenting this statistical information will be artistic contributions from participants, including poetry, art and video
- Holding an editorial meeting including key partners from all EU member states
- Design of a 'Faith in Europe' day in every EU member state
- Contributions from experts and young people in the field

Why do we need your help?

- We want to reach as wide an audience as possible
- We want the EU to hear what every young person in its membership wants to say
- We want to help you re-engage young people around the idea of the European Union
- We cannot do this alone....
